The Board of Education of Jordan School District met in study and closed sessions and a special Board meeting on Tuesday, March 14, 2017, beginning at 4:03 p.m. at the JATC South Campus (Board Conference Room), 12723 S. Park Avenue (2080 West), Riverton, Utah.

STUDY SESSION

Those recognized or signed-in as present:

Janice L. Voorhies, Board President
(Matthew Young, Board Vice President, excused)
Jen Atwood, Board Secretary
Bryce Dunford, Board Member
Tracy J. Miller, Board Member
Marilyn Richards, Board Member
Darrell Robinson, Board Member
Patrice A. Johnson, Superintendent of Schools
Anthony A. Godfrey, Associate Superintendent
John Larsen, Business Administrator
Paul Van Komen, Burbidge & White
Michael Anderson, Administrator of Schools
Jill Durrant, Administrator of Schools
Laura Finlinson, Administrator of Curriculum and Staff Development
June M. LeMaster, Administrator of Human Resources
Brad Sorensen, Administrator of Schools
Scott Thomas, Administrator of Auxiliary Services
Steven Peart, Director, Custodial/Energy Services
Sandy Riesgraf, Director, Communications
Jeri Clayton, Administrative Assistant
Robert Conder, AV Maintenance
Vicki Olsen, President, Jordan Education Association
Dawn Ramsey, Director, Region VI PTA
Ammon Wiemers, Online Education Specialist, Curriculum and Staff Development
Ronna Hoffman, Principal, Riverside Elementary
Karen Egan, Principal, Bluffdale Elementary

President Voorhies presided and conducted. She welcomed those present and stated that Board Member Young is expected but would be arriving late. The Board of Education met in a study session to discuss the following:

A. Ends Policies and Foundational Information for Student Achievement Strategic Plan

1. District Needs and Current Practices for Online Education

Mrs. Laura Finlinson, administrator of Curriculum and Staff Development, introduced Mr. Ammon Wiemers, Online Education Specialist, and invited him to provide a report about the District’s Online Education program.

Mr. Wiemers reported that in 2011, the Utah State Legislature passed a law that required districts to allow secondary students in grades nine through twelve to take high school courses from online providers at no cost. As a result of this law, seven Wasatch Front districts from Nebo to Cache joined together to form Utah Students Connect in order to provide online education to students. This consortium provided these Districts with the ability to share the cost of creating online courses and more control over class offerings that meet the core standards. The consortium
meets monthly to review curriculum and improve the program. In the beginning, each of the seven
districts created about three courses and currently 29 online courses are available to students. Of
the 26 teachers that teach the online courses, ten are Jordan District employees. Each District
employs and pays its own online teachers and the teachers and administrators over the program
insure that students are learning and receive the help they need. Students are also able to take
courses that the consortium doesn’t offer from other online providers. Statistics show that
students are taking more than one course and online courses provide students with flexibility.

In response to a question from Ms. Richards, Mrs. Finlinson stated that in the future there will
need to be additional funding to cover the needs of online school. This includes additional
teachers, classified support, counselors, registrars, training, and office space. She noted that it is
necessary to insure the success of this program by providing personnel to assist students, answer
questions, and follow-up with students who signed up but are not participating in the online
courses. Mr. Wiemers added that there will be additional challenges as the program grows which
can include personnel to manage the program and meet the needs of students, updating
standards-based curriculum, and training for teachers and counselors.

In response to a request from Superintendent Johnson about course completion rates, Mr.
Wiemers said during the school year, the course completion rate is 75 percent and in the summer
the rate increases to about 95 percent. Mrs. Finlinson stated that these completion rates are
phenomenal when compared with other online providers and electronic high school pass rates.
She said she would like to see this program continue and be supported.

Mr. Robinson stated that the District’s completion rate is high and questioned why the District is
meeting these benchmarks when other online schools can’t. Mrs. Finlinson said this can be
explained by the consistent contact with students by District personnel who follow-up on
assignments and student progress.

2. **Board of Education Book Study “Mindset” by Carol Dweck, Ph.D. (Chapters 1-3)**

President Voorhies led a discussion about the first three chapters of the book, “Mindset,” which
she said talks about two kinds of mindset, a growth mindset which the Board is trying to
encourage across the District, and a fixed mindset which suggests there is a level at which a
person can succeed and can’t go beyond. This mindset doesn’t allow a person to try to succeed
because they fear failure. President Voorhies asked to have a message placed on the Board’s
webpage that lets the public know what the Board is currently reading or has read. She said she
believes there are parents that may be interested and it is a good pattern of example and shows
that the Board is paying attention.

Mr. Robinson said there were some things in the book he knew and some things he forgot about
how to look at things through different lenses.

Mrs. Voorhies said she was uncomfortable at times as she recognized herself in some of the
examples and thought that perhaps she could change her perspective about how she approaches
failure. She added that developing a growth mindset as described in the book helps ordinary
people achieve extraordinary things and that students can learn that they can earn success
despite their circumstances. She indicated that this is evident in the Turnaround schools and it is
gratifying to see students who may have been passed over and ignored now working to be
successful. She said she would like to see this growth mindset developed in every child.

Mrs. Miller said she has read this book before and is enjoying rereading it. She stated that after
reading it the first time she and her husband changed their parenting approach and started
praising their children for working hard for their achievements rather than telling them they are
smart or beautiful. She said this has helped them understand that through hard work they can
achieve a good grade or become smarter.
Mrs. Atwood said she believes that each person can have both the growth and fixed mindsets at different times in life and said as a child she was raised to have a fixed mindset and believed she couldn’t do any better; however, as an adult, she has more of the growth mindset. She said she believes that every child can develop the growth mindset if the people who are important to them, e.g. parents, teachers, and others, are willing to help them.

Ms. Richards said she saw a blend in herself of the two mindsets as well and that while she tends to be hardest on herself, she also works to progress and learn more. She said the book cited many examples of the mindsets of famous people which made her analyze her life and look at areas where positive changes could be made.

Superintendent Johnson said as we learn and grow and have new experiences we are sometimes successful and sometimes not, but we keep moving forward. She said it is interesting to visit the PLCs because those PLCs that have an open dialogue and growth mindset are more willing to learn and try new things and this in turn helps them help their students to develop the growth mindset.

Mr. Dunford said it is difficult to help students understand that they can change a fixed mindset to a growth mindset, especially when parents reinforce a negative message that students can’t change or become better. He said he hopes future chapters address ways to change the mindset. He also said he would like to have a message sent to teachers that helps them understand they can make a difference in students’ lives and that gives them ways this can be accomplished.

At 5:04 p.m., the meeting adjourned.

**MOTION:** At 5:04 p.m., it was moved by Jen Atwood and seconded by Marilyn Richards to go into closed session. Motion passed with a unanimous vote.

**CLOSED SESSION**

Those recognized or signed-in as present:

Janice L. Voorhies, Board President
(Matthew Young, Board Vice President, excused)
Jen Atwood, Board Secretary
Bryce Dunford, Board Member
Tracy J. Miller, Board Member
Marilyn Richards, Board Member
Darrell Robinson, Board Member
Patrice A. Johnson, Superintendent of Schools
Anthony A. Godfrey, Associate Superintendent
John Larsen, Business Administrator
Paul Van Komen, Burbidge & White
G. Norma Villar, Consultant, Student Intervention Services

President Voorhies presided and conducted. The Board of Education met in a closed session to discuss a student appeal. The closed session discussion was recorded and archived.

At 5:29 p.m., the meeting adjourned. The Board convened in a Special Board meeting.

**SPECIAL BOARD MEETING**

Those recognized or signed-in as present:

Janice L. Voorhies, Board President
(Matthew Young, Board Vice President, excused)
President Voorhies presided and conducted. She welcomed those present.

I. **Bid Recommendation**

A. **Custodial Services**

<table>
<thead>
<tr>
<th>Bidders</th>
<th>Amount of Bid</th>
</tr>
</thead>
<tbody>
<tr>
<td>Arco Pack</td>
<td>$118,427.23</td>
</tr>
<tr>
<td>Bell Janitorial Services</td>
<td></td>
</tr>
<tr>
<td>Brady Industries</td>
<td></td>
</tr>
<tr>
<td>HomePro</td>
<td></td>
</tr>
<tr>
<td>Hy-Ko Maintenance</td>
<td></td>
</tr>
<tr>
<td>Staples, Inc.</td>
<td></td>
</tr>
<tr>
<td>Waxie Sanitary Supply</td>
<td></td>
</tr>
</tbody>
</table>

**Purpose:** To provide large custodial equipment as replacement for worn out equipment and assist schools with meeting the latest K-12 cleaning standards.

**Recommendation:** It was recommended awarding the contract to the most responsive, responsible, and acceptable bidders, Brady Industries, HomePro, Hy-Ko Maintenance, Staples, Inc., and Waxie Sanitary Supply. They complied with the specifications, terms, and conditions outlined in the bid documents.

**MOTION:** It was moved by Jen Atwood and seconded by Tracy J. Miller to approve the bid for large custodial equipment, as recommended. Motion passed with a unanimous vote.

II. **Special Business**

A. **Recommended Action Regarding Student Appeal**
President Voorhies stated that the Board met in closed session to review the findings and conclusions of the Appeals Committee regarding a student appeal. The Board is required to take a vote whether to uphold, modify, or overturn the Appeals Committee decision.

**MOTION:** It was moved by Bryce Dunford and seconded by Jen Atwood to uphold the Appeals Committee action regarding a student appeal. Motion carried unanimously.

At 6:36 p.m., the meeting adjourned. The Board returned to study session.

**STUDY SESSION, Continued**

Those recognized or signed-in as present:
- Janice L. Voorhies, Board President
- Matthew Young, Board Vice President
- Jen Atwood, Board Secretary
- Bryce Dunford, Board Member
- Tracy J. Miller, Board Member
- Marilyn Richards, Board Member
- Darrell Robinson, Board Member
- Patrice A. Johnson, Superintendent of Schools
- Anthony A. Godfrey, Associate Superintendent
- John Larsen, Business Administrator
- Paul Van Komen, Burbidge & White
- Michael Anderson, Administrator of Schools
- Jill Durrant, Administrator of Schools
- Laura Finlinson, Administrator of Curriculum and Staff Development
- June M. LeMaster, Administrator of Human Resources
- Brad Sorensen, Administrator of Schools
- Scott Thomas, Administrator of Auxiliary Services
- Sandy Riesgraf, Director, Communications
- Scott Iddings, Communications Manager
- Jeri Clayton, Administrative Assistant
- Robert Conder, AV Maintenance
- Vicki Olsen, President, Jordan Education Association
- Nancy Ward, coordinator of Educational Support Services
- Ronna Hoffman, Principal, Riverside Elementary
- Karen Egan, Principal, Bluffdale Elementary

President Voorhies presided and conducted. The Board of Education continued its study session to discuss the following:

**B. Results of Modified Traditional Schedule (MTS) Survey**

Mr. Anderson, administrator of schools, reviewed the results of the survey regarding the modified traditional schedule. He stated that in January 2015 the Board began looking at piloting a program at Bluffdale and Riverside Elementary Schools which is modeled after the MTS that Alpine District has used for 25 years. Each of these schools began the MTS in August 2016 with Bluffdale transitioning from year-round to MTS and Riverside from traditional to MTS. He compared the current spring 2017 survey results with those of the survey conducted in October 2016 and reported the following:

- The current survey respondents included 239 parents and 54 teachers.
- In the fall, 78 percent of parents found MTS “extremely favorable” or “favorable,” with 14 percent “neutral” and 8 percent “unfavorable” compared with the spring results that 73 percent of parents found MTS “extremely favorable” or “favorable,” with 17 percent “neutral” and 10 percent “unfavorable.”
• In the fall, 55 percent of teachers found MTS “extremely favorable” or “favorable,” with 27 percent “neutral,” 14 percent “unfavorable,” and 4 percent choosing “other.” The spring results showed that 70 percent of teachers found MTS “extremely favorable” or “favorable,” with 19 percent “neutral,” 6 percent “unfavorable,” and 7 percent choosing “other.”

• In the spring survey, parents indicated that the benefits of MTS included being on a traditional schedule and the small group reading and math instruction. Parents listed large class sizes, meal-time logistics, and scheduling or transitions as challenges of MTS.

• In the spring survey, teachers indicated that the benefits of MTS for students included small group math and reading instruction, the traditional schedule, and daily arts, technology, and specialty classes. Teachers felt MTS benefitted them personally with higher pay, small group time, the traditional calendar, and being able to have all teachers together at the same time for PLCs.

Following a Board discussion about additional schools that may need to transition to the modified traditional schedule to accommodate growth, the administration was asked to develop a plan for possible future implementation of the modified traditional schedule and plans for communicating this to the patrons of the schools that may be affected.

C. Middle School Parent-Teacher Conference Calendar

Mr. Anderson, administrator of schools, reported that the 2017-18 calendar has the first night of parent-teacher conferences for middle schools scheduled on Valentine’s Day and recommended the Board change the calendar so conferences are not held the evening of February 14, 2018. Mr. Anderson stated that this change would move the Wednesday, February 14, conference to Tuesday, February 13, with the Thursday, February 15, parent-teacher conferences and Friday, February 16, compensatory day remaining unchanged. He noted that positive feedback was received from principals, teachers, and parents about this change.

**MOTION:** It was moved by Jen Atwood and seconded by Marilyn Richards to approve the change to the 2017-18 calendar to move the middle school parent-teacher conference date from Wednesday February 14, 2018, to Tuesday, February 13, 2018. Motion passed with a unanimous vote.

Mr. Anderson noted that this same circumstance exists in the tentative 2018-19 calendar; however, the Calendar Committee will make the change prior to Board review and approval.

D. Title I Schools for 2017-18

Ms. Nancy Ward, coordinator of Educational Support Services, stated that the District has seven elementary schools which qualify as Title I schools. They are Columbia, Majestic, Heartland, Oquirrh, Riverside, Westvale, and West Jordan. She also reviewed the programs that benefit students at these schools and noted that in order for a school to receive Title I funding, 40 percent of the students must qualify for free and reduced lunch.

Ms. Ward recommended that these seven qualifying elementary schools remain as Title I schools for the 2017-18 school year. Board members agreed to this recommendation.

E. Emergency Communication Procedures

Dr. Godfrey, associate superintendent, stated that at the request of the Board, he invited Ms. Sandy Riesgraf, director of Communications, and Mr. Scott Iddings, Communications specialist, to review emergency communications procedures.

Ms. Riesgraf, director of Communications, reviewed the coordination efforts between the District, schools, and City police and emergency services, in the event of an emergency situation. She described the communication plans for disseminating information to parents and the media.
In response to Board member questions about a recent drill held at Herriman High by the Unified Police Department, she stated that she was not informed about this drill and the principal and teachers found out just shortly before it took place. She learned after the drill that the State Risk Management was to be made aware of this type of drill and they were not informed so a meeting has been arranged with Unified to discuss the requirements for future drills.

Ms. Riesgraf stated that it is important for the police to protect the safety and well-being of the students and also important to disseminate the right kind and appropriate amount of information to all concerned parties.

F. Graduation Speaking Assignments

Mr. Sorensen, administrator of schools, reviewed the list of graduation speaking assignments and asked Board members to choose the school(s) at which they would like to speak and to also attend so that principals and school personnel can proceed with preparations for the programs. He noted that Board members should plan to speak for three to five minutes and they will also assist with the distribution of diplomas.

G. Schedule of School Fees for 2017-18

Mr. Sorensen, administrator of schools, said he met with middle and high school principals about the current fee schedule and they did not have any recommendations for changes. Mr. Sorensen recommended that the current fee schedule be retained for the 2017-18 school year.

Board members discussed the purpose and use of registration fees and agreed to continue this discussion in a future study session. The following motion was made to approve the fee schedule:

**MOTION:** It was moved by Marilyn Richards and seconded by Jen Atwood to approve the Schedule of School Fees for 2017-18, as presented by Mr. Sorensen. Motion passed with a vote of six to one. Mr. Young cast the dissenting vote.

A copy of the Schedule of School Fees for 2017-18 is attached at the conclusion of these minutes. (Attachment 1)

President Voorhies asked for Board input about moving some of the agenda items to a future study session in order to shorten the agenda. Following Board discussion, the following motion was made:

**MOTION:** It was moved by Bryce Dunford and seconded by Marilyn Richards to move the agenda items: Administrative Policy AA443 Student Clubs and Policy Governance Review of GP113 Board Committee Principles and GP114 Board Affiliated Committees, to a future study session agenda. Motion carried unanimously.

H. Review of New Licensed and Classified Immunization Policy

Dr. Godfrey, associate superintendent, reviewed the parameters of the new licensed and classified immunization policy. This policy will be brought to the Board for approval at an upcoming regular Board meeting.

I. School Resource Officers

Mr. Van Komen, Board attorney, reported that state law requires that a contract be in place if school resource officers are used at District schools. He said a contract was prepared and sent to the West Jordan, South Jordan, and Unified Police Departments for review. Responses were received from West Jordan and South Jordan Police Departments but he is still waiting for a response from Unified. He
recommended that the contracts with West Jordan and South Jordan be brought before the Board for approval at an upcoming regular Board meeting.

J. Discussion Regarding 2017-18 Budget Book

Mr. Dunford, Finance Committee chair, led a discussion about the current format of the District’s budget book. He said much of the information in the book is there to meet the award criteria required by the Association of School Business Officials International and the Government Finance Officers Association. Mr. Dunford said a great deal of employee time, effort, and money goes into the preparation of the budget document for these awards and proposed that the Board instruct Mr. Larsen, business administrator, to no longer pursue the awards. He stated that Utah law requires the District to develop and formally adopt a budget each year and while the new budget document will meet the legal requirements, it will also reflect the Board’s needs. He noted that discontinuing the pursuit of these awards should not harm the District’s AAA credit ratings and will provide a cost savings.

Board members asked for input from Mr. Larsen about what schedules, graphs, and tables he recommended placing in a new budget document and also discussed the information and items they felt would benefit the public.

President Voorhies recommended asking the Finance Committee to review the budget document and the Board’s recommendations for items to be included in the new budget document. Mr. Young added his recommendation that a narrative be placed at the beginning of the document for the benefit of future Boards that explains the reason the Board discontinued pursuit of the budget awards.

Mr. Dunford made the following motion:

**MOTION**: It was moved by Bryce Dunford and seconded by Matthew Young to instruct Mr. Larsen to no longer pursue the budget document awards and to place a narrative at the beginning of the new budget document for the benefit of future Boards of Education and the public which explains the reasons for discontinuing pursuit of the awards. Motion carried unanimously.

K. Board Professional Development

President Voorhies led a discussion on chapters 5 and 10 of USBA’s publication “Coming to Order,” and specifically the six questions on page 26.

Mr. Dunford expressed appreciation to Superintendent Johnson for the openness and availability of Cabinet members to the Board. He said they have been phenomenal about responding and providing information.

Mr. Robinson said he believes the District is moving in the right direction but hopes that his questioning of District practices is not seen as a lack of trust, but rather as his desire to see the District improve.

Ms. Richards said the District has great people in key positions because they are trustworthy and she knows they will do what is asked.

Mrs. Miller said all feelings about the work of the District should be based on fact and informed opinion and that the Board should remain vigilant in insureing good information is being sought.

Superintendent Johnson said Cabinet members are always trying to do things the best way and not the easiest way. They are always looking for ways to improve which is very forward-thinking and displays a growth mindset. If the Board and District personnel are in the “same boat” then she believes the sky is the limit for what can be accomplished.

L. Board Committee Reports
1. **District/Community Council Board Advisory Committee**

   Mr. Robinson said he had nothing new to share about the activities of the Committee.

2. **Facilities Board Advisory Committee**

   Mrs. Atwood reported that on Friday, March 17, the Committee will be meeting with Daybreak and South Jordan City officials to review future school site options near the Mountain View Corridor, including the location of a future high school, middle school, and possibly three elementary schools. She said another purpose of the meeting is to engage with partners to find win-win options for school sites on the Bastian property, including siting, roads, and other necessary utility infrastructure.

3. **District Finance and Audit Board Advisory Committee**

   Mr. Dunford said the Finance Committee requested that Zions Public Finance representatives meet with the Committee and provide a more detailed report about the bond election and after hearing from them, the Committee is very confident that Zions did exactly as asked. Mr. Dunford said the moratorium on tax increment proposals ended and the District is starting to see public entities pursue tax increment projects. The Committee will be bringing these to the Board for review as they are received.

4. **Innovations in Education Board Advisory Committee**

   Mr. Young said he reached out to all Committee members and they are in the process of scheduling a date and time for a Committee meeting. He said a Real Salt Lake High School Board meeting will be held on March 30, 2017, and he will provide information to Mr. Robinson about this meeting.

5. **Legislative/Community Relations Board Advisory Committee**

   Mrs. Miller reported that the 2017 Legislative session ended last Thursday night. She noted that SB 80, on which the Board took a formal position of support, merged at the end of the session with SB 255. Many in the education community did not support SB 80 because it sets up winners and losers in the equalization world and some saw that they would lose money rather than it being good for kids. SB 255 would have equalized new money and the education community supported this, but the leadership of the House of Representatives did not get on board and that legislation died for now. She expressed appreciation for all of the work Mr. Anderson and Mr. Larsen did on SB 80. Mrs. Miller said the school grading bill passed and will change the grading criteria, expand the available information, and eliminate the curve and there is a one-year waiting period for implementation. Mrs. Miller said SB 34 is a competency-based education funding bill that will reimburse LEAs for students who graduate early. This is intended to encourage districts to let them graduate early because they will not lose money. She said the big news of the session is the four percent increase in the WPU, enrollment growth will be funded, and teacher license fees will be paid. She said on the last day of the session the entire education community wrote and read a letter of appreciation to the legislators. In it they stated that they felt this session had a more positive tone towards education than some past sessions. Mrs. Miller said the Legislative Committee provided hand-written thank you notes to the legislators in the Jordan District area but thought it would be appropriate to send a letter from the Board to each of the District’s legislators thanking them for the work they did and for the funding increases. She said Mrs. Voorhies drafted the letter and she and Mr. Anderson added one paragraph to each legislator’s letter thanking them for specific things they have done for Jordan District. She asked about distribution of these letters and the Board consensus was to distribute these as soon as possible.
6. **Utah High School Activities Association (UHSAA)**

Ms. Richards, UHSAA Trustee, said the legislature passed the bill that requires UHSAA to have a 15-member Board of Trustees which is one-half its current membership and the legislation put in place an external appeals process. She said the State Board is still moving forward with the transfer policy and as of yesterday it passed by one vote; however, she said she believes it will be “status quo” for 2017-18. Ms. Richards stated that she would like to remain on the Board of Trustees because she believes she can do some good and make a difference. She made a plea to Dr. Johnson, in the event she has any say on the membership, to keep her on the Board.

7. **Other**

Mr. Robinson said years ago when the Board was first organizing committees he heard Board members say they wanted the number of committee members kept to three so meetings did not have to be noticed. At the time, he wondered what secrets were being kept from the public and questioned why the committee meetings are not being noticed.

Superintendent Johnson explained that the Board committees are all advisory groups that meet and vet the issues and then make recommendations to the full Board. If more than three members attend a committee meeting, it constitutes a body that can vote and the intent is not to hold full Board meetings when each committee meets. Mr. Larsen explained that when the full Board meets, an agenda has to be prepared and public notice given 24 hours in advance with the public notice and agenda placed at the location of the meeting and the District Office, the meeting has to be recorded and the audio placed on the website, and minutes have to be taken, typed, and approved by the Board. He also stated that the number of Finance Committee members is defined in law as three so that they can discuss audit matters, as needed. Mrs. Voorhies cited an instance where the Facilities Committee was called last Friday morning and asked to meet at 1:00 p.m. with Auxiliary Services personnel. This meeting would not have been possible if it needed to be noticed.

Mr. Young said while public input is healthy, essential, and necessary, there is a large amount of work that the Board needs to accomplish which requires a level of efficiency. This includes holding frank and sometimes lengthy discussions that are not always possible in a public meeting. He said there are times when the public may need to be and have been invited to a Committee meeting to provide input. He said what the Board has been able to accomplish in the last several years was made possible through its Committee processes and they would not be where they are without this process.

President Voorhies stated that if Mr. Robinson would like additional discussion, the Board could add this item to a future agenda.

At 8:48 p.m., the meeting adjourned.

**MOTION:** At 8:48 p.m., it was moved by Jen Atwood and seconded by Bryce Dunford to go into closed session. Motion passed with a unanimous vote.

**CLOSED SESSION**

Those recognized or signed-in as present:
- Janice L. Voorhies, Board President
- Matthew Young, Board Vice President
- Jen Atwood, Board Secretary
- Bryce Dunford, Board Member
- Tracy J. Miller, Board Member
- Marilyn Richards, Board Member
President Voorhies presided and conducted. The Board of Education met in a closed session to discuss property and negotiations. The closed session discussion was recorded and archived.

**MOTION:** At 10:04 p.m., it was moved by Bryce Dunford to adjourn the meeting. Motion passed with a unanimous vote.
